Test deck

Eight deployment cargo cards, one per type, shared by every round. Keep them aside until the rule is locked.

Quick reference and role cards

The second quick reference and the two role cards.

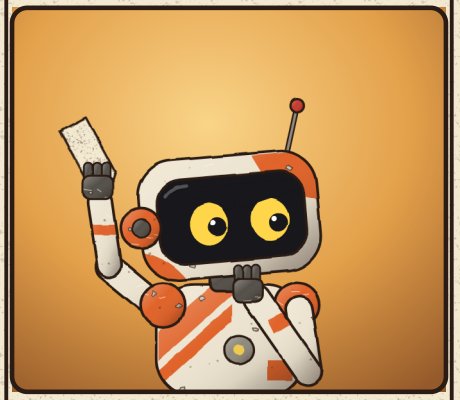

ONE ROUND

QUICK REFERENCE

1. Attacker secretly flips up to 4 tags.
2. Defender counts each rule's errors. Looking is free.
3. Audit: pay a token, turn that cargo's reference card, set the tag to match.
4. Lock the fewest-error rule. Ties: red, round, striped.
5. Reveal the truth card. 1 point per test card the locked rule gets right.
6. Check every reference card against the truth; switch roles.

ATTACKER

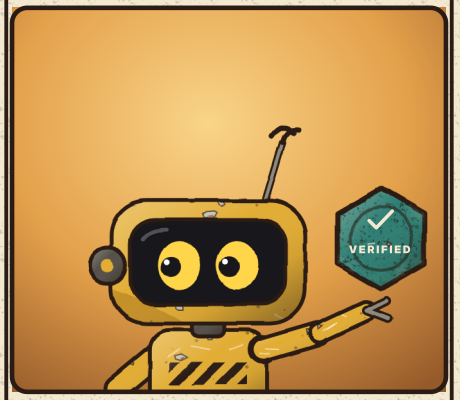

MALLORY

Draw a truth card in secret, tag the deck by it, lay the reference row, then flip up to four tags.

DEFENDER

SORTER

Inspect the tags, spend up to four audits, then lock the rule your sorter learns.

Label tags and audit tokens

24 tags plus 3 spares, reused every round. Cut each strip out, fold on the dotted line, glue back to back, and trim the notches: one side STORE, the other RECYCLE.

AUDIT TOKENS · fold each pair on the dotted edge; spend AUDIT side up, then flip to VERIFIED on the audited card
